**CERTIFICATION BULLETIN NO. 2007-07**

To: Listees of the Following Oil- Fired Equipment:  
• Oil-Fired Service Water Heaters (LVFVC)

Members of the Advisory Council of Underwriters' Laboratories of Canada  
Others Interested

Subject: Extension of Effective Date for the Standard for Oil Burning Equipment – General Requirements, CSA B140.0-03, and the Standard for Oil Burning Equipment – Service Water Heaters For Domestic Hot Water, Space Heating, And Swimming Pools, CSA B140.12-03

Underwriters' Laboratories of Canada is extending the effective date for compliance with the standards for Oil Burning Equipment, General Requirements CSA B140.0 and Oil Burning Equipment, Service Water Heaters For Domestic Hot Water, Space Heating, And Swimming Pools, CSA B140.12 from April 1, 2007 to **December 31, 2007**. Notice to Listees of the Industry File Review to determine compliance with the 2003 version of CSA B140.12 was previously communicated in the Action Required letter dated July 10, 2006.

The effective date is being extended to accommodate additional time needed by manufacturers of Listed equipment to assess the impact of the changes in requirements, implement design changes as needed and demonstrate compliance via laboratory testing.

In the interim, ULC strongly encourages Applicants to submit affected products for evaluation to the new requirements as soon as possible to ensure that compliance is determined before the December 31 effective date.

Any questions concerning the above should be directed to Mr. Normand Breton, Chief Engineer – Canada, 416-757-3611 ext. 61238.
