STANDARDS BULLETIN 2004-06

Second Edition of CAN/ULC-S704-03

STANDARD FOR THERMAL INSULATION, POLYURETHANE AND POLYISOCYANURATE, BOARDS, FACED

ULC is pleased to announce the publication of the Second Edition of CAN/ULC-S704-03, Standard for Thermal Insulation, Polyurethane and Polyisocyanurate, Boards, Faced. This Standard has been approved by the ULC Committee on Thermal Insulation Materials and Systems, and has been published with the date of Committee approval - December 2003.

This Standard covers requirements and test methods for closed cell polyurethane and polyisocyanurate foam thermal insulation in the form of flat rigid boards covered on both sides with a facing material and primarily intended for use in applications where the continuous use temperature is within the range -60°C to +93°C.

This Standard will be of interest to those involved in research and development of building construction materials, thermal insulation experts, engineers and architects, as well as builders and manufacturers.

A Certification Bulletin will be released shortly providing further information regarding this Standard. The Certification Bulletin will also specify the effective date for any requirements.

If you require any additional information, please contact Robert Long at 613-755-2729 Ext. 6227 or email: <mailto:Robert.Long@ca.ul.com>

This standard can be ordered for \$180.00 through our website at www.ulc.ca and selecting ULC Online Store. Once at the ULC Online Store select "New Standards Publications." After 30 days from the date of this letter the standard can be found by selecting "Standards".

Yours truly,

UNDERWRITERS' LABORATORIES OF CANADA
