STANDARDS BULLETIN 2005-20

First Edition CAN/ULC-61911-05

LIVE WORKING – GUIDELINES FOR THE INSTALLATION OF DISTRIBUTION LINE CONDUCTORS – STRINGING EQUIPMENT AND ACCESSORY ITEMS

ULC is pleased to announce the publication of CAN/ULC-61911-05 (CEI/IEC/TR 61911:2003, IDT), First Edition of Live Working – Guidelines for the Installation of Distribution Line Conductors – Stringing Equipment and Accessory Items. This Standard has been approved by the ULC Committee on Live Working, and has been published under the date of June 2005.

This National Standard of Canada is an adoption, without modification of the International Electrotechnical Commission (IEC) Technical Report CEI/IEC/TR 61911:2003.

This National Standard of Canada provides recommendations for the selection and testing, where necessary, of conductor stringing equipment and accessory items used for the installation of bare and insulated overhead distribution conductors.

Please note, this document is for guideline purposes only and is not to be used for regulatory purposes.

If you require any additional information, please contact Tess Gorospe at (416) 757-5250 Ext. 61212 or at email address: Theresa.Gorospe@ca.ul.com.

This standard can be ordered for CAN \$155.00 from the ULC website (www.ulc.ca) ULC online store.

Yours truly,

UNDERWRITERS' LABORATORIES OF CANADA
