STANDARDS BULLETIN 2007-06

Amendment to Edition of Standard

First Edition of CAN/ULC-S566-05, including Amendment 1

HALOCARBON CLEAN AGENT FIRE EXTINGUISHERS

ULC is pleased to announce the release of Amendment 1 to the First Edition of CAN/ULC-S566-05, Halocarbon Clean Agent Fire Extinguishers. This is a ULC/UL Harmonized Binational Standard and the requirements contained in the recently published Second Edition of ANSI/UL 2129, including Amendment 1, are identical to CAN/ULC-S566-05. Amendment 1 has been approved by the ULC Committee on Portable Fire Extinguishers, and has been published with the date of January 31, 2007.

CAN/ULC-S566-05 will be of interest to anyone who manufactures, distributes, uses, regulates or inspects fire extinguishers. These requirements cover the construction and performance, exclusive of performance during fire tests, of portable halocarbon clean agent fire extinguishers. Halocarbon clean agent fire extinguishers are intended to be utilized in accordance with the Standard for Portable Fire Extinguishers, NFPA 10 and the National Fire Code of Canada. The requirements for performance during fire testing of halocarbon clean agent fire extinguishers are specified in the Binational Standard for Rating and Fire Testing of Fire Extinguishers, ANSI/UL 711 CAN/ULC-S508.

Amendment 1 contains revisions to the operation test requirements for wheeled extinguishers, the temperature and humidity requirements for the nameplate exposure and adhesion tests, and includes some editorial changes. This Standard is now being re-published to include Amendment 1 of the First Edition of CAN/ULC-S566-05, and all users are advised to obtain this complete version.

Should you require any additional information, please contact Monique Grabowski at (613) 755-2729 Ext. 6226 or email: Monique.Grabowski@ca.ul.com.

This amended Standard can be ordered for \$160.00 through our website at www.ulc.ca by clicking on *Order Standards and Directories* and then selecting *ULC Online Store*.

Yours truly,

UNDERWRITERS' LABORATORIES OF CANADA
