STANDARDS BULLETIN 2007-11

New Edition to Standard

Second Edition of CAN/ULC-S520-07

STANDARD FOR FIRE HYDRANTS

ULC is pleased to announce the release of the Second Edition of CAN/ULC-S520-07, Standard for Fire Hydrants. This Standard has been approved by the ULC Committee on Fire Protection Equipment and Systems.

CAN/ULC-S520-07 will be of interest to anyone who manufactures, distributes, uses, regulates or inspects fire hydrants. This Standard covers barrel-type hydrants with compression shut-off and slide gate shut-off, for general water works service. This Standard does not cover wet barrel type hydrants. References to the setting and drainage of hydrants are not included in this Standard.

The Second Edition of this Standard has been revised to remove the use of lead from the standard due to health concerns. Additionally, various editorial updates have been made throughout the text. Should you require any additional information, please contact Monique Grabowski at (613) 755-2729 Ext. 6226 or email: Monique.Grabowski@ca.ul.com.

This Second Edition Standard can be ordered for \$140.00 through our website at www.ulc.ca by clicking on *Order Standards and Directories* and then selecting *ULC Online Store*.

Yours truly,

UNDERWRITERS' LABORATORIES OF CANADA
