## STANDARDS BULLETIN 2007-25

---

**Second Edition of CAN/ULC-S102.4-07**  
**STANDARD METHOD OF TEST FOR FIRE AND SMOKE CHARACTERISTICS  
OF ELECTRICAL WIRING AND CABLES**

---

ULC is pleased to announce the publication of the Second Edition of CAN/ULC-S102.4, Standard Method of Test for Fire and Smoke Characteristics of Electrical Wiring and Cables. This Standard has been approved by the ULC Committee on Fire Tests, and has been published with the date of August 2007.

This new edition of CAN/ULC-S102.4 has been updated editorially and includes minor revisions to align with CAN/ULC-S102. It is now also a National Standard of Canada (it was formerly ULC-S102.4).

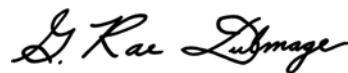

This Standard will be of interest to those involved in research and development of building construction materials, fire protection experts, engineers and architects, as well as builders and manufacturers.

Should you require any additional information, please contact Jennifer Jimenez at 613-755-2729 Ext. 6222 or email: [jennifer.jimenez@ca.ul.com](mailto:jennifer.jimenez@ca.ul.com).

This Standard can be ordered for \$150.00 through our website at [www.ulc.ca](http://www.ulc.ca) by clicking on Order Standards and Directories and then selecting ULC Online Store.

Yours truly,

UNDERWRITERS' LABORATORIES OF CANADA
