These Service Terms and the terms of the Global Services Agreement ("GSA") are incorporated by reference into and are an integral part of each Service Agreement entered into by the Parties for UL-EU Mark Testing and Certification Service. The capitalized terms in these Service Terms which are not defined herein shall have the same meaning as in the GSA.

### **A. UL-EU Mark Testing and Certification Services**

- 1. Scope of the Services.** These Service Terms govern your relationship with us as:  
(a) an "Applicant," who submits devices, equipment, materials, or systems ("Product[s]") to us for a "Product Investigation" designed to assess: (1) the Product's conformity to applicable "UL-EU Mark Requirements," including, without limitation, program requirements, any applicable European Technical Safety Specifications (e.g. European Norm ("EN") standard[s]), including functional safety requirements if requested, and any applicable UL-EU Factory Inspection Service requirements (collectively, "UL-EU Requirements"), and (2) the eligibility of such Product(s) for the UL-EU Certificate and UL-EU Factory Inspection Service ("UL-EU Mark Service"); and/or  
(b) a "Manufacturer," who carries out control in such stages of the manufacture, assessment, verification, handling and storage of a Product and has responsibility for continued compliance of the Product with the UL-EU Requirements; and/or  
(c) a "Production Site", that serves as the location at which the Product, covered by the UL-EU Mark Service, is produced or assembled and covered by the UL-EU Factory Inspection Service requirements.

Before we establish UL-EU Mark Service for any Product, the Applicant must provide us with the name and address of the Product Manufacturer and the Production Site(s) where the Product is to be manufactured or assembled. "Subscriber" shall refer to a Client acting as an Applicant, Manufacturer, or Production Site unless otherwise indicated. No UL-EU Mark Service will be established or maintained unless all necessary and appropriate Applicant, Manufacturer and Production Site(s) have entered into and comply with the terms of all applicable agreements with us.

- 2. Product Investigation.** A "Product Investigation" consists of the following: (a) our performance of tests on samples of a Product, in accordance with UL-EU Requirements; and (b) our evaluation of Product construction criteria by our examination of samples of the Product, in accordance with UL-EU Requirements. The purpose of such testing and examination is to determine whether representative Product samples conform to UL-EU Requirements and whether the Product might be eligible for UL-EU Mark Service. If no prescribed tests and/or no construction criteria exist for the Product, we may, but are under no obligation whatsoever, to develop and establish such standards and criteria as are necessary to assess the Product. If we chooses, in our sole discretion, to formulate any such standards and/or criteria, we will do so in accordance with professional standards generally applicable to conformity assessment testing organizations. You expressly agree that our liability for the formulation of any such

standards and/or criteria will be strictly limited by the terms of the Service Agreement, including, but not limited to, Paragraphs 10 and 11 of the GSA. If we determine, in our sole discretion, that submitted Products are eligible for UL-EU Mark Service, we will issue a UL-EU Certificate to the Applicant (at which time the Applicant will be referred to on the UL-EU Certificate as “Certificate Holder”) that permits you to use the UL-EU Mark according to the terms of these Service Terms. For the purposes of this Service Terms, the term UL-EU Mark shall include both the UL-EU Certificate and the UL-EU Mark.

- 3. Compliance with UL-EU Requirements.** You expressly agree that after we perform a Product Investigation, if in our sole discretion we determine that a submitted Product is eligible for UL-EU Mark Service, you shall at all times thereafter comply with the applicable UL-EU Requirements, including, but not limited to: (a) the description and specifications contained in the UL-EU Test Report; and (b) the European Technical Safety Specification (e.g. European Standard(s) [“EN Standard(s)”]), if any, applicable to the covered Product. You agrees to use the UL-EU Mark solely according to the terms of the Service Terms and in accordance with the UL-EU Certificate.

You shall promptly notify us of any intended changes that may affect your ability to conform to the UL-EU Requirements.

If you provide copies of the Certification Documentation to others it shall be reproduced in its entirety.

- 4. The validity of the UL-EU Mark.** The UL-EU Certificate is valid for ten (10) years from the date of issuance, but may be withdrawn earlier by us if:

- (i) The Service Agreement terminates for any reason;
- (ii) Production of the certified Product ceases or the Product is modified without notifying us;
- (iii) The UL-EU Certificate or UL-EU Mark is used contrary to the terms of the Service Agreement; we withdraw permission to use the UL-EU Mark for any other reason, including subsequent changes in UL-EU Requirements;
- (iv) All fees and expenses, including the Annual Maintenance Fee are not paid when due;
- (v) The Production Site does not fulfill the requirements of the UL-EU Factory Inspection Service;
- (vi) not permitted access to the Production Site(s) for which the UL-EU Mark Certificate is authorized; or
- (vii) If based on the request from the Applicant.

- 5. Product Information.** You acknowledge your willingness to support our public safety mission and that, as the certifier of your Products, we are entitled to receive information received, developed or collected by you regarding the field performance of UL-EU certified Products. Accordingly, you will promptly notify us in writing: (i) when you notify a relevant authority of potential field hazards, (ii) when your Product fails to meet

any of the following: (a) the description and specifications contained in the UL-EU Test Report or UL-EU Certificate; (b) the UL-EU Requirements and/or (iii) when you have found or have received a report that your Product could create a substantial hazard to users. You agree to make available to us for inspection and copies of all documents, test results, and other information related to (i) – (iii) above, keep a record of all complaints made known to you relating to any Product's compliance with UL-EU Requirements, and to make these records available to us when requested. You agree to take appropriate action to respond to such complaints, and any noncompliance with UL-EU Requirements and to keep a record of such actions. You agree that we may share such information with our affiliates and subcontractors worldwide. Specifically, with respect to documents provided by you to any authority, you authorize that authority to make those documents available to us for inspection and copying. You further agree that you will cooperate with and assist us in connection with our investigation of any affected Product(s) and undertake such corrective action, including, without limitation, recall, where, in our sole opinion, such action is in the best interests of public safety.

- 6. Revisions to, or Withdrawal of, UL-EU Requirements.** You acknowledge and agree that if a revision to an applicable UL-EU Requirement (e.g. EN Standard) is adopted, or if an applicable UL-EU Requirement, including without limitation the applicable EN Standard, is withdrawn, during the term of the Service Agreement, we shall, in our sole discretion, determine the date by which you must cease using the UL-EU Mark on your Product(s) (“the date of withdrawal”) and shall notify you in writing, and as soon as is practicable, of such date (“the cancellation notice”). You unconditionally agrees to comply with the terms of any such cancellation notice. If an applicable UL-EU Requirement, including without limitation the applicable EN Standard, is revised, we may, in our sole discretion, permit you to continue to use the UL-EU Marks beyond the cancellation date if, and only if, all of the following conditions are met prior to such cancellation date: (a) you submit a revised Product sample to us for testing and examination; (b) we find the Product conforms to the revised UL-EU Requirement; and (c) you and us agree on the appropriate amendment to the UL-EU Test Report. In such event, you must pay any applicable testing and examination fees as though you were submitting your Product to us for the first time. If, on the other hand, your Product does not conform to any new or revised UL-EU Requirement, including without limitation the applicable EN Standard, or if the UL-EU Requirement is withdrawn entirely, you acknowledge and agree that you will lose any coverage for your Product, and must cease using the UL-EU Mark with respect to such Product, on the date of withdrawal.

**B. UL-EU Factory Inspection Service.**

- 1. UL-EU Factory Inspection Service Requirements.** The UL-EU Factory Inspection Service requirements include Common Interest Group (“CIG”) inspection requirements as described in Permanent Document (“PD”) CIG 021 Factory Inspection Procedure, which is incorporated herein by reference and will be provided to the Applicant as part of the certification process.
- 2. UL-EU Factory Inspection Service.** If we determine that your Product(s) is/are eligible for UL-EU Mark Service, we will prepare a UL-EU Factory Inspection Report for each Production Site and provide this to the Applicant (and in case of findings of non-compliance during the UL-EU Factory Inspection, this report will also be provided to the Production Site).

- 3. Initial Inspection.** Before we authorizes you to apply the UL-EU Mark to any Product, we reserve the right to conduct an Initial Inspection to determine whether the Manufacturer's Production Site conforms to UL-EU Factory Inspection Service requirements, including the CIG inspection requirements. The "Initial Inspection" is intended to evaluate whether each Manufacturer and Production Site of a Product that is eligible for UL-EU Mark Service at the time of the Initial Inspection, has a production line that is capable of producing a Product that is in accordance with UL-EU Requirements. You acknowledge and agree that the Manufacturer(s) of the Product must demonstrate to our satisfaction that the Production Site(s) is/are producing, and intend/s to produce, the Product in accordance with the Service Agreement, including, but not limited to, the applicable Procedure referenced in Paragraph B.1. If during the UL-EU Factory Inspection any non-compliance with UL-EU Requirement(s) are found, the number of UL-EU Factory Inspection visits will increase according to the UL-EU Factory Inspection Report. We may, from time to time, select samples at such facilities, at any place of sale, or elsewhere, for examination and/or testing to determine whether the specific samples so examined and/or tested conform to applicable UL-EU Requirements.
- 5. Access to Facilities.** You acknowledge and agree that our representatives, as well as any third-party observers accompanying our representatives, shall have free, unannounced, immediate, safe, and secure access to the Production Site(s) and/or storage facilities where the covered Product(s), or any components thereof, are fabricated, processed, finished, stored, and/or located, during normal business hours and/or when the Production Site or storage facilities are actually in operation. You agree to provide our representatives with all safety and other protections required by law for your own employees, including, without limitation, all local occupational safety and health rules and regulations. You shall not attempt to condition the right of our representatives and third-party observers to obtain free access to the Production Site, and/or storage facility upon the signing of any agreement, waiver, or release which in any way purports to affect the legal rights or obligations of UL Contracting Party or its representative. If our representative signs such an agreement, waiver, or release, it shall be considered void and shall be of no force and effect. We shall, however, direct our representatives to exercise reasonable care to comply with any plant safety regulations generally applicable to personnel at any such Production Site or storage facility.
- 6. Access to UL-EU Marks.** Consistent with Paragraph 4, above, you shall ensure that Manufacturer(s) will make all UL-EU Marks, and the means of applying such UL-EU Marks, available for inspection by our representatives at each Production Site at all reasonable times. If our representative's Inspection discloses features that, in the sole opinion of our representative, does not conform to UL-EU Requirements, the Manufacturer(s) must correct such items within a time period designated by us, remove the UL-EU Marks from all Products that the our representative identifies as non-conforming, or cease selling any such non-conforming Product(s) pending the

outcome of any appeal to is, as provided hereinafter. If any Manufacturer disagrees with our representative regarding whether a Product is eligible to bear the UL-EU Mark, the Manufacturer(s) may hold the Product at the Production Site or storage facility pending an appeal to and a decision by us.

7. **Limitation of UL's Liability for UL-EU Factory Inspection Services.** You expressly acknowledge and agree that UL-EU Factory Inspection Services do not in any way relieve you of any responsibility for the design, manufacture, testing, marketing, and sale of your Product(s). Rather, you acknowledge and agree that UL-EU Factory Inspection Service is designed solely to serve as a check on the means that the Production Site(s) is/are using to determine the continued conformity of the UL-EU Requirements. You further acknowledge and agree that UL-EU Factory Inspection Service is designed to supplement, and not to supplant, your own efforts to examine and to test your manufactured Product(s). You agree to maintain appropriate testing and measuring equipment at your facilities. You will ensure that the testing and measuring equipment is properly calibrated and maintain appropriate records of calibration for the equipment. You will make your calibration records and your testing and measuring equipment available to our representative during a UL-EU Factory Inspection as appropriate for the applicable Products. As such, you expressly agree that the provisions of Paragraphs 10 and 11 of the GSA shall apply to our UL-EU Factory Inspection Services.
