## RETAIL SEMINAR & WORKSHOP

IMAGINE IT'S 2030. BUSINESS, GOVERNMENT AND CIVIL SOCIETY HAVE TOGETHER CREATED A SUSTAINABLE ECONOMY IN LINE WITH THE SUSTAINABLE DEVELOPMENT GOALS. WHAT DID WE DO, AND HOW DID WE GET THERE?

THIS SEPTEMBER, UL WILL FACILITATE A FOUNDATIONAL PANEL DISCUSSION WITH SPEAKERS FROM LEADING RETAILERS AND INDUSTRY EXPERTS TO DISCUSS HOW THE SDGS CAN PROVIDE A FRAMEWORK AND PATHWAY TO 2030. THE AUDIENCE AND SPEAKERS WILL THEN BE INVITED TO PARTICIPATE IN HANDS-ON FACILITATED WORKING SESSIONS TO DISCUSS RETAIL ECOSYSTEM CONTRIBUTIONS TO A FUTURE IN WHICH KEY SDGS – SUSTAINABLE CITIES AND COMMUNITIES, AND SDG 13: CLIMATE ACTION— HAVE BEEN MET. SESSION RESULTS WILL BE COMPILED TO HELP PARTICIPANTS IDENTIFY POTENTIAL COLLABORATORS AND SOLUTIONS IN ADDRESSING THESE SDGS.

THE SESSION WILL BE LED BY CATHERINE SHEEHY, HEAD OF ADVISORY SOLUTIONS, AND MATT SCOTT, DIRECTOR OF BUSINESS DEVELOPMENT FOR UL'S ENVIRONMENT & SUSTAINABILITY DIVISION.
