

REPACKAGED PRODUCT PROGRAM

Overview

UL's Repackaged Product Program was created specifically to accommodate your need to re-distribute bulk shipments of UL Certified products, and to apply the appropriate UL Markings to the new packaging for individual items or sub lot quantities. It provides solutions for distributors, retailers, importers and manufacturers who need to redistribute bulk shipments in order to accommodate different customer needs and manage inventories.

This program requires that you maintain records tracing the repackaged products, and also covers instructions, as to which product specific markings (such as ratings and cautions) need to be provided with the new packaging, so that information essential to the safe installation, operation or application of the product is preserved.

Products Covered

Most, but not all, of UL's product categories are eligible for coverage under the Repackaged Product Program. The following Repackaged Product Categories are currently available:

Category Code	Category Name
TEOW	Repackaged Building Materials
TEOY	Repackaged Electrical Appliance and Utilization Equipment
TEOY7	Repackaged Electrical Appliance and Utilization Equipment Certified for Canada
TEOZ	Repackaged Electrical Construction Materials
TEOZ7	Repackaged Electrical Construction Materials Certified for Canada
TEPC	Repackaged Gas & Oil Equipment
<u>TEPD</u>	Repackaged Hazardous Locations Equipment

TEPD7	Repackaged Hazardous Locations Equipment Certified for Canada
TEOU2	Repackaged Recognized Components
TEOU8	Repackaged Recognized Components Certified for Canada

A complete list of all basic product categories currently eligible to be repackaged is provided in the below Category Matrix.

Category Matrix

Category code	Category name	Category type	Repackaging CCN
AATX	Adaptors, Vehicle Battery	Exempt	TEOY
ALKW	Air Duct and Air Connector Closure Systems	Core	TEOW
ASMU	Amusement and Gaming Machines	Exempt	TEOY
ASTS	Animal Care Appliances	Exempt	TEOY
ATNZ	Appliance Controls	Exempt	TEOZ
AUEM	Appliance Couplers for Household and Similar General Purposes, Classified in Accordance With IEC Publications	Core	TEOZ
AUUZ	Commercial Appliance Outlet Centers	Core	TEOZ
AVGQ	Residential Appliance Outlet Centers	Exempt	TEOZ
AWBZ	Arc-fault Circuit Interrupters, Receptacle Type	Core	TEOZ
AWCG7	Arc-fault Circuit Interrupters, Receptacle Type - Certified for CANADA	Core	TEOZ7

AWSX	Armored Cable Type AC Connectors	<u>Core</u>	TEOZ
<u>AWSX7</u>	Armored Cable Type AC Connectors - Certified for CANADA	<u>Core</u>	TEOZ7
AXUT	Attachment Plugs, Fuseless	<u>Core</u>	TEOZ
AXUT2	Component - Attachment Plugs, Fuseless	<u>Core</u>	TEOU2
AYVZ2	Component - Attachment Plugs with Overload Protection	<u>Core</u>	TEOU2
AZJX	Commercial Audio and Radio Equipment, Systems and Accessories	<u>Exempt</u>	TEOY
AZQW	Commercial Phonographs, Tape Playing and Recording Appliances and Accessories	<u>Exempt</u>	TEOY
BBCV2	Component - Lithium Batteries	<u>Core</u>	TEOU2
BERX	Booths, Indoor Telephone	<u>Exempt</u>	TEOY
BFFV	Booths, Outdoor Telephone	<u>Exempt</u>	TEOY
BGUZ	Boxes, Junction and Pull	<u>Core</u>	TEOZ
BJLZ	Adhesives	<u>Core</u>	TEOW
BMQX	Coatings, Fire Retardant	<u>Core</u>	TEOW
BRYX2	Component - Foamed Plastic	<u>Core</u>	TEOU2
BQXR	Mineral and Fiber Boards - Core	<u>Core</u>	TEOW
BTAT	Molded Plastics	<u>Core</u>	TEOW
CYIV	Cabinets and Cutout Boxes	<u>Core</u>	TEOZ

CYJV	Cable Assemblies and Fittings for Industrial Control and Signal Distribution	<u>Core</u>	TEOZ
CYJV2	Component - Cable Assemblies and Fittings for Industrial Control and Signal Distribution	<u>Core</u>	TEOU2
DBNT	Check Out Stands	<u>Exempt</u>	TEOY
DGXO	Decorative Lamps	<u>Core</u>	TEOY
<u>DGXO7</u>	Decorative Lamps Certified for Canada	<u>Core</u>	TEOY7
DIVQ	Circuit Breakers, Molded-Case, and Circuit Breaker Enclosures	<u>Core</u>	TEOZ
DKUY	Circuit Breaker and Ground-Fault Circuit Interrupters	<u>Core</u>	TEOZ
DKUY2	Component - Circuit Breaker and Ground Fault Circuit Interrupters	<u>Core</u>	TEOU2
DROX	Clocks, Household	<u>Exempt</u>	TEOY
DUXR	Communication Circuit Accessories	<u>Core</u>	TEOY
DUXR2	Component - Communication Circuit Accessories	<u>Core</u>	TEOU2
DVPJ	Computer Interconnection Cable Assemblies	<u>Core</u>	TEOZ
DVYW	Conductor Termination Compound	<u>Core</u>	TEOZ
DWMU	Conduit and Cable Hardware	<u>Core</u>	TEOZ
DWMU7	Conduit and Cable Hardware Certified for Canada	<u>Core</u>	TEOZ7
DWTT	Conduit Fittings	<u>Core</u>	TEOZ

DWTT2	Component Conduit Fittings	<u>Core</u>	TEOU2
DWTT7	Conduit Fittings Certified for Canada	<u>Core</u>	TEOZ7
DYBY	Intermediate Ferrous Metal Conduit	<u>Exempt</u>	TEOZ
DYIX	Rigid Ferrous Metal Conduit	<u>Core</u>	TEOZ
<u>DYIX7</u>	Rigid Ferrous Metal Conduit	<u>Core</u>	TEOZ7
DYVV	Rigid Nonferrous Metal Conduit	<u>Core</u>	TEOZ
<u>EBNV</u>	Conduit Fittings for Use in Hazardous Locations	<u>Core</u>	<u>TEPD</u>
<u>EBNV7</u>	Conduit Fittings for Use in Hazardous Locations Certified for Canada	<u>Core</u>	<u>TEPD7</u>
ECBT2	Component - Connectors for Use in Data, Signal, Control and Power Applications	<u>Core</u>	TEOU2
ECBT8	Component - Connectors for Use in Data, Signal, Control and Power Applications Certified for Canada	<u>Core</u>	TEOU8
EOXT	Commercial Dimmers	<u>Exempt</u>	TEOZ
EOYX	Dimmers, General Use Switch	<u>Core</u>	TEOZ
EPAR	Dimmers, Theater	<u>Exempt</u>	TEOZ
EPBU	Direct Plug-In Transformer Units	<u>Exempt</u>	TEOY
FHXT	Fuses, Automobile	<u>Exempt</u>	TEOZ
FJMX	Electrical Metallic Tubing	<u>Core</u>	TEOZ
<u>FJMX7</u>	Electrical Metallic Tubing	<u>Core</u>	TEOZ7

FKAV	Electrical Metallic Tubing Fittings	<u>Core</u>	TEOZ
<u>FKAV7</u>	Electrical Metallic Tubing Fittings Certified for Canada	<u>Core</u>	TEOZ7
FKVS	Fluorescent Ballasts	<u>Exempt</u>	TEOZ
<u>FKKY</u>	Electrical Nonmetallic Tubing Fittings	<u>Core</u>	<u>TEOZ</u>
<u>FKKY7</u>	Electrical Nonmetallic Tubing Fittings Certified for Canada	<u>Core</u>	TEOZ7
FLCR	HID Ballasts	<u>Exempt</u>	TEOZ
FLPZ	Holders for Automatic Starters	<u>Exempt</u>	TEOZ
FMDX	Automatic Starters	<u>Exempt</u>	TEOZ
FMRV	Manual Starters	<u>Exempt</u>	TEOZ
FNFT	Miscellaneous Electric Discharge Lamp Control Equipment	<u>Exempt</u>	TEOZ
FOKY2	Component - Electromagnetic Interference Filters	<u>Core</u>	TEOU2
FTSZ	Engravers, Electric	<u>Core</u>	TEOY
GMCQ2	Component - Seal Rings for Fire Extinguishers and Extinguishing systems	<u>Core</u>	TEOU2
GQHG	Fan Speed Controllers	<u>Core</u>	TEOZ
GPVV2	Component Fans, Electric	<u>Core</u>	TEOU2
HMYV2	Component - Seal Rings for Valves	<u>Core</u>	TEOU2
HVEX	LP-Gas Adapters and Miscellaneous Fittings	<u>Core</u>	TEPC

HXHZ	Fittings, Tubing, Flammable Liquid	Core	TEPC
IETR	Fixtures and Fittings, Miscellaneous	Core	TEOZ
IEWR	Light Diffusers and Lenses Air Handling Fixtures	Exempt	TEOZ
IFDQ	Low Voltage Fixture for Recreational Vehicle Use	Exempt	TEOZ
IFEV	Submersible Fixture	Exempt	TEOZ
IFFX	Fixture Fittings	Core	TEOZ
IFFX2	Luminaire Fittings - Component	Core	TEOU2
IGZR	Luminaires, Miscellaneous, Marine	Core	TEOZ
IKIQ	Flash Lights and Lanterns - Rechargeable and Automatic	Exempt	TEOY
IPWZ	Food-Preparing Machines, Household	Core	TEOY
IZLT2	Component - Fuseholders, Cartridge Fuse	Core	TEOU2
IZZR	Fittings for Fuseholders	Core	TEOZ
JAMZ	Plug Fuse, Fuseholders	Core	TEOZ
JDDZ	Fuses, Cartridge Nonrenewable	Exempt	TEOZ
JDYX	Fuses, Supplemental	Core	TEOZ
JDYX2	Fuses, Supplemental - Component	Core	TEOU2
JDYX7	Fuses, Supplemental Certified for Canada	Core	TEOZ7
JDYX8	Fuses, Supplemental - Component Certified for Canada	Core	TEOU8

JEFV	Fuses, Plug	Core	TEOZ
JFHR	Special-purpose Fuses	Core	TEOZ
JFHR2	Component - Special Purpose Fuses	Core	TEOU2
JMLU2	Component - Gaskets and Seals	Core	TEOU2
JMST	Gasket Materials, Composite	Core	TEPC
JMST2	Component - Gasket Materials	Core	TEOU2
JOHX2	Component - Seal Rings	Core	TEOU2
KCXS	Ground Fault Circuit Interrupters	Core	TEOZ
KDER	Grounding and Bonding Equipment	Core	TEOZ
KDER2	Component - Grounding and Bonding Equipment	Core	TEOU2
KDER7	Grounding and Bonding Equipment for Canada	Core	TEOZ7
KFCG	Power Supplies for Use in Health Care Facilities	Core	TEOY
KQLR	Heaters, Industrial and Laboratory	Core	TEOY
KQVU	Mobile Home Pipe Heating Cables	Core	TEOY
KQXR	Pipe Heating Cables	Core	TEOY
KSGR	Miscellaneous Water Heaters	Exempt	TEOY
NITW	Industrial Control Panels	Core	TEOZ

NJAV	Motor Control Centers	<u>Core</u>	TEOZ
NKCR	Motor Controllers, Auxiliary Devices	<u>Exempt</u>	TEOZ
NKCR2	Component - Motor Controllers Auxiliary Devices	<u>Core</u>	TEOU2
NKPZ	Motor Controllers, Float- and Pressure-Operated	<u>Exempt</u>	TEOZ
NLDX2	Component - Magnetic Motor Controllers	<u>Core</u>	TEOU2
NLRV	Motor Controllers, Manual	<u>Exempt</u>	TEOZ
NMMS	Power Conversion Equipment	<u>Core</u>	TEOZ
NMTR	Industrial Control Equipment, Miscellaneous Apparatus	<u>Core</u>	TEOZ
<u>NMTR2</u>	Component - Industrial Control Equipment, Miscellaneous Apparatus	<u>Core</u>	TEOU2
<u>NMTR8</u>	Component - Industrial Control Equipment, Miscellaneous Apparatus Certified for Canada	<u>Core</u>	TEOU8
NRNT	Switches, Industrial Control	<u>Exempt</u>	TEOZ
NZMT	Insulating Bushings	<u>Core</u>	TEOZ
NZMT2	Component - Insulating Bushing	<u>Core</u>	TEOU2
OANZ	Insulating Tape	<u>Exempt</u>	TEOZ
OANZ2	Component - Insulating Tape	<u>Core</u>	TEOU2
OBMW2	Component - Magnet Wire	<u>Core</u>	TEOU2

OCDT	Insulating Devices and Materials, Miscellaneous	<u>Exempt</u>	TEOZ
OCDT2	Component Insulating Devices and Materials, Miscellaneous	<u>Core</u>	TEOU2
OJOV	Lampholders, Electric Discharge, More than 1000 V	<u>Core</u>	TEOZ
OKCT	Lampholders, Electric Discharge, 1000 V or Less	<u>Core</u>	TEOZ
OKCT2	Component - Lampholders Electric Discharge, 1000 V or less	<u>Core</u>	TEOU2
OKQR	Lampholders, Fittings	<u>Exempt</u>	TEOZ
OLRX	Lampholders, Incandescent, Adapters	<u>Core</u>	TEOZ
OLRX2	Component Lampholders, Adapters	<u>Core</u>	TEOU2
OMFV	Lampholders, Candelabra and Miniature	<u>Exempt</u>	TEOZ
OMTT	Lampholders, Intermediate	<u>Exempt</u>	TEOZ
ONHR	Lampholders, Medium	<u>Exempt</u>	TEOZ
ONUZ	Lampholders, Mogul	<u>Exempt</u>	TEOZ
OOIX	Lampholders, Miscellaneous	<u>Exempt</u>	TEOZ
OOIX2	Component - Miscellaneous Lampholders	<u>Core</u>	TEOU2
PAQQ	Adaptors, Low Voltage Power Switching Devices	<u>Exempt</u>	TEOZ
PGDQ2	Component - Marking and Labeling System	<u>Core</u>	TEOU2
PGDQ8	Component - Marking and Labeling System Certified for Canada	<u>Core</u>	TEOU8

PGGU2	Component - Marking and Labeling Systems Materials	Core	TEOU2
PGGU8	Component - Marking and Labeling Systems Materials Certified for Canada	Core	TEOU8
PGJI2	Component - Printing Materials	Core	TEOU2
PGJI8	Component - Printing Materials Certified for Canada	Core	TEOU8
PICQ	Measuring, Testing and Signal-generation Equipment	Core	TEOY
PICQ7	Measuring, Testing and Signal-generation Equipment -- Certified for CANADA	Core	TEOY7
PICQ2	Component - Measuring, Testing and Signal-generation Equipment	Core	TEOU2
PICQ8	Component - Measuring, Testing and Signal-generation Equipment - - Component - Certified for CANADA	Core	TEOU8
PIGR	Medical Electrical Equipment, Classified in Accordance with IEC Publications	Core	TEOY
PJOX	Metal Clad Cable Connectors, Type MC	Core	TEOZ
PVGT	Multioutlet Assemblies	Core	TEOZ
PVUR	Multioutlet Assembly Fittings	Core	TEOZ
PXJV	Nonmetallic Sheathed Cable Connectors	Core	TEOZ
PXJV2	Component Nonmetallic-Sheathed Cable Connectors Core	Core	TEOU2
PXJV7	Nonmetallic-Sheathed Cable Connectors for Canada	Core	TEOZ7
QAAV	Nonmetallic-Sheathed Cable Interconnectors	Core	TEOZ
QAAV7	Nonmetallic-Sheathed Cable Interconnectors for Canada	Core	TEOZ7
QAZR	Optical Fiber/Communications/Signaling/Coaxial Cable Outlet	Core	TEOZ

	Boxes		
QAZR7	Optical Fiber/Communications/Signaling/Coaxial Cable Outlet Boxes Certified for Canada	Core	TEOZ7
QBCR	Outlet and Junction Boxes for Use in Hazardous Locations	Core	TEPD
QBCR7	Outlet and Junction Boxes for Use in Hazardous Locations Certified for Canada	Core	TEPD7
QCIT	Outlet Boxes, Metallic	Core	TEOZ
QCIT7	Outlet Boxes, Metallic Certified for Canada	Core	TEOZ7
QCMZ	Outlet Boxes, Nonmetallic	Core	TEOZ
QCMZ2	Component Nonmetallic Outlet Boxes	Core	TEOU2
QCRV	Outlet Bushings and fittings	Core	TEOZ
QCRV2	Component - Outlet Bushings and Fittings	Core	TEOU2
QCRV7	Outlet Bushings and Fittings for Canada	Core	TEOZ7
QCRV8	Component - Outlet Bushings and Fittings for Canada	Core	TEOU8
QCYU	Outlet Circuit Testers	Core	TEOZ
QGRZ	Personal Hygiene and Health Care Appliances	Exempt	TEOY
QINT	Photographic Equipment	Exempt	TEOY
QJIQ	Amateur Movie and Video Lights	Exempt	TEOY
QJVV	Photographic Equipment Classified in Accordance with IEC Publications	Exempt	TEOY

QJJB2	Component – Junction Boxes for Use in Photovoltaic Modules and Panels	Core	TEOU2
QJJQ2	Component - Connectors for Use in Photovoltaic System	Core	TEOU2
QLHN	Attachment Plugs, Pin-and-Sleeve Type	Core	TEOZ
QLIW	Receptacles, Pin-and-Sleeve Type	Core	TEOZ
QLKH	Receptacle-Plug Combinations, Pin-and-Sleeve Type, Classified for Use in Specific Combinations	Core	TEOZ
QLHN7	Attachment Plugs, Pin-and-Sleeve Type Certified for Canada	Core	TEOZ7
QLIW7	Receptacles, Pin-and-Sleeve Type Certified for Canada	Core	TEOZ7
QMFZ2	Component - Plastics	Core	TEOU2
QMFZ8	Component - Plastics Certified for Canada	Core	TEOU8
QMMY2	Component - Fabricated Parts	Core	TEOU2
QMTS2	Component - Polymeric Materials - Filament Wound Tubing, Industrial Laminates, Vulcanized Fiber, and Materials for use in Fabricating Recognized Printed Wiring Boards	Core	TEOU2
QMTS8	Component - Polymeric Materials - Filament Wound Tubing, Industrial Laminates, Vulcanized Fiber, and Materials for use in Fabricating Recognized Printed Wiring Boards Certified for Canada	Core	TEOU8
QMTU	Plugs, Socket-Outlets and Couplers for Industrial Purposes, Classified in Accordance with IEC Publications	Core	TEOZ
QOQW2	Component - Polymeric Adhesive Systems, Electrical Equipment	Core	TEOU2
QORX	Portable Electric Hand Lamps	Core	TEOY
QPQS	Power Distribution Blocks	Core	TEOZ
QPPY	Power Converters and Power Converter Systems	Exempt	TEOZ

QPSH	Portable Power Distribution Units and Devices	<u>Core</u>	TEOZ
QPYV	Power Outlets and Power Outlet Fittings	<u>Core</u>	TEOZ
QPSM	Portable Power Distribution Panels	<u>Core</u>	TEOZ
QQKV	Power Supplies Classified in Accordance with IEC Publications	<u>Exempt</u>	TEOZ
QVNU2	Component - Protectors, Supplementary	<u>Core</u>	TEOU2
RFWV	Quick Connect Terminals	<u>Core</u>	TEOZ
RFWV2	Component - Quick Connect Terminals	<u>Core</u>	TEOU2
RFWV7	Electrical Quick-connect Terminals Certified for Canada	<u>Core</u>	TEOZ7
RJBT	Surface Metal Raceways	<u>Core</u>	TEOZ
RJPR	Surface Metal Raceway Fittings	<u>Core</u>	TEOZ
RJTX	Surface Nonmetallic Raceways	<u>Core</u>	TEOZ
RJYT	Surface Nonmetallic Raceway Fittings	<u>Core</u>	TEOZ
RTRT	Attachment Plug Receptacles and Plugs	<u>Core</u>	TEOZ
RTRT2	Component - Receptacles for Attachment Plugs and Plugs	<u>Core</u>	TEOU2
RTRT7	Receptacles for Plugs and Attachment Plugs Certified for Canada	<u>Core</u>	TEOZ7
RUSZ	Attachment Plug Receptacles and Plugs with Switch	<u>Core</u>	TEOZ
SBCV	Cord and Cable Reels	<u>Core</u>	TEOY

SDFY	Controllers, Refrigeration	<u>Core</u>	TEOY
SWIV2	Component - Relay Sockets and Assemblies	<u>Core</u>	TEOU2
TVOR	Sealing, Wrapping and Marking Equipment	<u>Exempt</u>	TEOY
TYZX	Service Entrance Cable Fittings	<u>Core</u>	TEOZ
UYMR	Sign Accessories	<u>Core</u>	TEOZ
UYMR2	Component – Sign Accessories	<u>Core</u>	TEOU2
UYZZ	Sign Flashers	<u>Exempt</u>	TEOZ
UZFT2	Component - Sleeving, Coated Electrical	<u>Core</u>	TEOU2
UZFT8	Component - Sleeving, Coated Electrical Certified for Canada	<u>Core</u>	TEOU8
UZIQ2	Component - Sleeving, Flame Retardant	<u>Core</u>	TEOU2
UZKX2	Component - Sleeving, Miscellaneous	<u>Core</u>	TEOU2
WBDT	Swimming Pool and Spa Equipment, Lighting Fixtures and Fixture Housings	<u>Exempt</u>	TEOZ
WCEZ	Swimming Pool and Spa Equipment, Junction Boxes	<u>Core</u>	TEOZ
WDGV	Swimming Pool and Spa Transformers	<u>Exempt</u>	TEOZ
WGEU	Pullout Switches, Detachable Type	<u>Core</u>	TEOZ
WJCT	Switches, Photoelectric	<u>Core</u>	TEOZ
WJCT7	Switches, Photoelectric Certified for Canada	<u>Core</u>	TEOZ7
WJFX	Photo Controls, Plug-In, Locking Type	<u>Exempt</u>	TEOZ

WLFV	Switches, Door	Core	TEOZ
WMHR	Fixture Switches, Socket and Special Mechanism Type, Snap Tape	Core	TEOZ
WMUZ	Switches, Flush	Core	TEOZ
WMUZ7	Switches, Flush Certified for Canada	Core	TEOZ7
WNIX	Pendant Switches	Core	TEOZ
WOKT	Switches, Surface	Core	TEOZ
WOYR2	Switches, Special Use	Core	TEOZ
XAPX	Temperature-Indicating and Regulating Equipment	Core	TEOZ
XCFR2	Component - Terminal Blocks	Core	TEOU2
XCFR8	Component – Terminal Blocks Certified for Canada	Core	TEOU8
XCMQ2	Component – Thermal Links	Core	TEOU2
XCMQ8	Component – Thermal Links Certified for Canada	Core	TEOU8
XGPU2	Component - Thermistor-type Devices	Core	TEOU2
XOYT	Transformers, Dimmers	Exempt	TEOZ
XPFS	Transformers, Distribution, Dry-Type - Over 600 Volts	Exempt	TEOZ
XPTQ	General Purpose Transformers	Exempt	TEOZ
XPZZ	Ignition Transformers	Exempt	TEOZ

XUHT2	Component - Transient Voltage Surge Suppressors	Core	TEOU2
YDPU2	Component - Extruded Tubing, Electrical	Core	TEOU2
YDPU8	Component - Extruded Tubing, Electrical Certified for Canada	Core	TEOU8
YDRQ2	Component Tubing, Mechanical Protection	Core	TEOU2
YDQS2	Component - Tubing, Flame Retardant	Core	TEOU2
YDTU2	Component Miscellaneous Tubing, Polymeric	Core	TEOU2
YEDU	Uninterruptible Power Equipment	Exempt	TEOZ
YWXV	Vending Machines	Exempt	TEOY
ZMNA	Multi-pole Splicing Wire Connectors	Core	TEOZ
ZMLF	Wire Connectors - Bare and Covered Ferrules	Core	TEOZ
ZMLF7	Wire Connectors Certified for Canada - Bare and Covered Ferrules Certified for Canada	Core	TEOZ7
ZMOW	Wire-Connector Adapters	Core	TEOZ
ZMVV	Wire Connectors and Soldering Lugs	Core	TEOZ
ZMVV2	Component - Wire Connectors and Soldering Lugs	Core	TEOU2
ZMVV7	Wire Connectors and Soldering Lugs Certified for Canada	Core	TEOZ7
ZMVV8	Component - Wire Connectors and Soldering Lugs Certified for Canada	Core	TEOU8
ZMWQ	Wire Connectors, Insulated For Use with Underground Conductors	Core	TEOZ

ZODZ	Wire Positioning Devices	<u>Core</u>	TEOZ
ZODZ2	Component - Wire Positioning Devices	<u>Core</u>	TEOU2
ZPFW2	Component - Wiring Harnesses	<u>Core</u>	TEOU2
ZPFW8	Component - Wiring Harnesses Certified for Canada	<u>Core</u>	TEOU8
ZPMV2	Component - Wiring-Printed	<u>Core</u>	TEOU2

Repackaged Product Program Requirements

1 Scope

1.1 These requirements cover products that are UL Certified and that have been shipped to a location where they are repackaged into smaller lots or individually packaged for distribution.

2 Definitions

2.1 Basic product category -- The product category under which the original Listing, Classification, or Recognition was established for a product being repackaged.

2.2 Certification Mark -- A generic term intended to include the UL Listing Mark, Classification Mark, Recognized Component Mark and Recognized Markings.

2.3 Core category -- A product category that permits required markings and/or installation instructions to be provided on the smallest unit packaging and/or in accompanying documents such as instruction manuals and stuffer sheets.

2.4 Exempt category -- A product category that does not permit any marking or installation instruction requirements to be marked on packaging, tags or stuffer sheets that could become separated from the product during a repackaging operation.

2.5 Kit -- A set of parts collected as a unit for assembly by the user.

2.6 Repackaged product -- A product received in a package containing one or more units which is either removed or placed in packages having the same or different quantity, or where the original package is relabeled with another manufacturer's name.

2.7 UL Certified product -- A product bearing one of UL's certification Marks as a declaration by the product's manufacturer that:

- The product was produced according to the UL requirements in effect at the time of manufacture,
- The product was subject to UL's Follow-Up Service

2.8 Combination repackaging -- The packaging of different Listed or Classified products, where one product requires the use of another for operation or installation is defined as Combination Repackaging.

2.9. Mixed repackaging -- The packaging of more than one Listed or Classified product within a package, where the products cannot be assembled into a kit and are packaged together for commercial reasons only, is defined as Mixed Repackaging.

3 Repackaging

3.1 A repackaged product shall be transferred from the original package to a smaller or individual package without any alterations or modifications.

Exception: A product intended solely for factory installation as a component of other equipment may be subjected to additional processing that will not affect the product's ratings or other characteristics related to its performance. Cutting industrial laminates into smaller sizes or respooling of magnet wire are examples.

3.2 Several products of the same type received in bulk may be repackaged in a single smaller package. This is referred to as either **combination** or **mixed** Repackaging.

Exception: A product intended solely for installation as a component of other equipment (Recognized Component) shall not be packaged together with a similar product that has different conditions of use.

3.3 Repackaging of products of different types or categories in a single package is acceptable if the package does not form a kit.

4 Markings and instructions

4.1 A repackaged product and its packaging shall have the same marking for identification, instructions, installation, or use that is required by the UL Certification of the product.

4.2 If the UL Certification of a product does not require installation instructions because the product is intended to be installed by a skilled person, additional instructions may be required for a product repackaged for sale to the consumer.

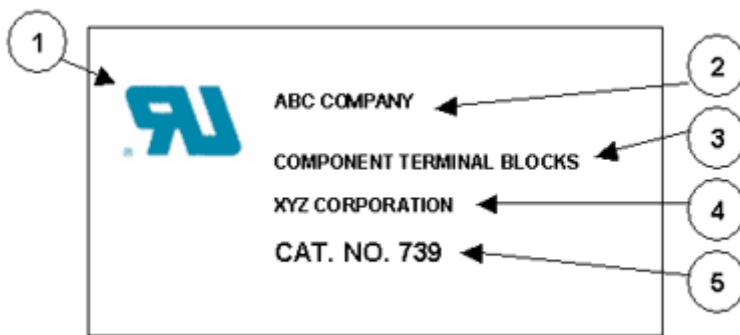

4.3 Since the program is primarily intended for products which may be sold in packages where the quantity per package may vary, it is not intended to cover a change in marking on individual products. As an example, the program is not intended to cover a change in name and/or catalog number on a product. This service is covered under UL's Multiple Listing program.

4.4 If the complete Listing or Classification Marking appears directly on the product being Repackaged, it is not required that the Mark appear on the packaging. However, if the complete Mark does not appear on the product, or if the Repackager wishes to make any reference to UL on the packaging materials, the appropriate Mark must be used in its entirety, not in abbreviated form.

4.5 For Repackaged Recognized Components, the complete Repackaged Recognition Marking must appear on the packaging. The format of the UL Repackaged Recognized Component Marking consists of:

- The Recognized Component Mark (symbol)
- The name of the Repackager
- The product identity
- The name, trademark or trade name of the Recognized Company, and
- The Recognized Company's product identification (i.e. catalog, type or model number).

All 5 elements must always be included (even if the use of the Recognized Component Mark is optional for the basic product category being repackaged). This allows a repackaged Recognized Component to be traced back to the original Recognition Report of the product, so that the component can be reviewed to determine its suitability for use in a particular application. An example of the Repackaged Recognized Component Marking is illustrated below:

5 Follow-Up Services:

5.1 Once a repackaging program has been established at a factory location, the repackager is required to retain one copy of the original packaging, tags, stuffer sheets, installation instructions or other materials for each product being repackaged for the Field Representative's reference. During factory visits, UL's Field Representative compares the packaging of the repackaged products with the original copies maintained by the manufacturer to verify that the proper product identity and product-specific information (such as wire ranges or tightening torques) are provided. The representative also compares the Listing, Classification or Recognized Component markings with the descriptions in the Repackaging Procedure to insure that the proper format of the Mark is being used, and reviews the descriptive sections of the Repackaging Procedure to insure that all required markings appear on the product.

Repackaging Submittal Process

UL offers several repackaging solutions depending on the type of product being repackaged, the scope of the repackaging process or individual client certification needs. The following information is needed in order to generate a quote:

- The name or basic product category and file number of the product(s) to be repackaged. (Note: If the requested category is not already covered in the Basic Category Matrix a sample of the packaging artwork will also be needed.)

- A description of the repackaging activity including any additional processes that may be performed (some additional processing may fall outside the scope of the Program.)
- The complete name and address of the facility where repackaging will take place.
- The complete names and addresses of the Applicant (The company or individual who applies to UL for the certification of a component, product or system) and Listee (The company or individual whose name is used on, or in conjunction with, a product and appears under a product category in one of UL's Product Directories and in a searchable, online database at UL's Intranet and Internet websites).
- The need for any Complementary Listing or Classification.

Based on the information provided, the scope and type of repackaging will be determined and a quote will be generated. The following types of repackaging service are available:

- Type 1 Repackaging
- Type 2 Repackaging
- Complementary Listing or Classification

Type 1 Repackaging

Type 1 Repackaging is offered to existing UL subscribers who repackage products in a product category, which is already being manufactured at the same factory. This is typically done to fill out production or complete a product line. Type 1 Repackaging assumes that both the manufacturer and UL's local Representative have experience in the product category and will require no special instructions to judge the acceptability of the package markings. Since Type 1 Repackagers already appear in UL's Product Directory for the category being repackaged, a separate Repackaging Listing, Classification, or Recognition Guide Information Page is not issued for Type 1 Repackaging.

Type 2 Repackaging

Type 2 Repackaging is offered to a UL subscriber who repackages products different from those product categories already authorized at his factories, or a UL subscriber who repackages products in an already authorized product category that he has no experience with. For example a manufacturer already authorized to produce general grade receptacles who wishes to repackage hospital grade receptacles will be offered Type 2 repackaging. A repackaging facility where no manufacturing of UL products occurs would also be covered under Type 2 repackaging. In these cases, neither the manufacturer nor the UL Field Representative can be assumed to be familiar with the requirements of the product category being repackaged.

Type 2 Repackagers are issued a single Procedure covering the entire core product categories already approved under the specific Repackaging product category. Type 2 Repackagers appear in UL's Certification Directory under the appropriate Repackaged Product Program category.

Complementary Listing or Classification

Complementary Listing or Classification enables a Repackager to appear under both the basic and Repackaged product categories in UL's Certification Directory for the same file.

Note: Products requiring the UL hologram Mark are not eligible for coverage under the UL Repackaged Product Program.
