

# Combustion Appliances & Equipment

Responsiveness. Expertise. Integrity.

## **NORTH AMERICA MARKET ACCESS**

UL has been in the combustion testing and certification business for over 80 years.

## **EUROPEAN MARKET ACCESS**

(NOTIFIED BODY 0539)

The combustion testing facilities in Northbrook and Toronto and the brand new laboratory in Milan, will support European customers locally by offering testing and certifications services according to **GAD** (Gas Appliances Directive) and **GAR** (Gas Appliances Regulation).

## **GLOBAL MARKET ACCESS**

UL's extensive technical expertise will let combustion products be in compliance with Global Safety standards with one easy path in a single testing facility.

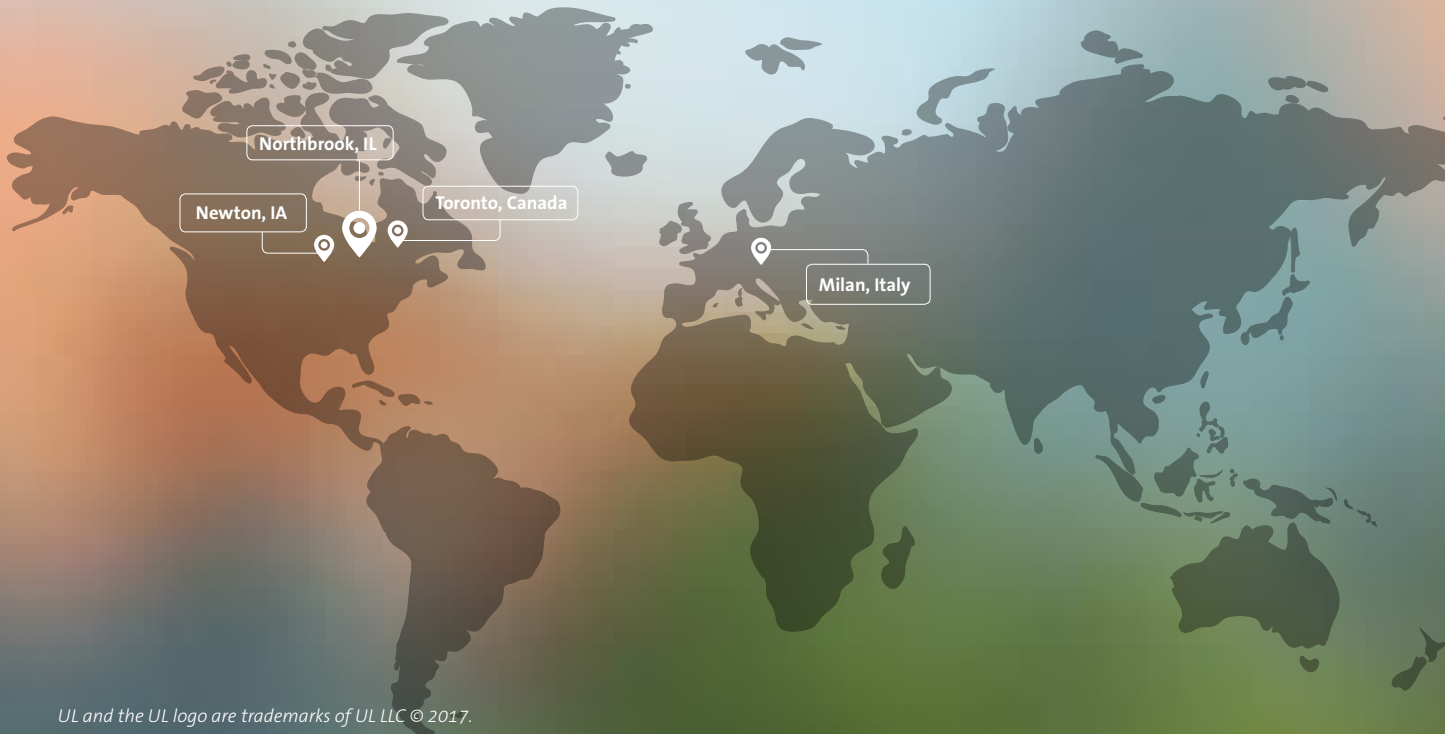

## **CUSTOM PERFORMANCE TESTING**

This larger spectrum of offerings will simplify the testing process for combustion products, which will be performed directly in our local facilities.
