These Service Terms and the terms of the Global Services Agreement (“GSA”) are incorporated by reference into and are an integral part of each Service Agreement entered into by the Parties. The capitalized terms in these Service Terms which are not defined herein shall have the same meaning as in the GSA.

1. Scope of Service. We will undertake Approved Body (and Notified Body) appointment, to assess your products for compliance with The Supply of Machinery (Safety) Regulations 2008 (and Machinery Directive 2006/42/EC), as amended and incorporated into applicable national law, and any applicable laws, regulations, and standards (“Applicable Requirements”), as may be requested in the Client’s Application (the “Assessment Services”). The services requested by you and to be provided by us for specific projects shall be set out in individual Quotations or Applications (“Quotation”).

2. Information, Data, and Materials. You agree to provide all relevant information, test data, products, and unrestricted access to all locations necessary to complete the Assessment Services upon request including access by our representatives when required. You agree to give us timely written notice of all material changes to the information in connection with the Assessment Services.

3. Transfer of Type Evaluation or Inspection to the UL Contracting Party. When you transfer Initial Type Evaluation and/or Inspection from another Approved Body to us, you agree to submit your evaluation report and inspection report prepared by the other Notified / Approved Body for us to review. We will prepare an evaluation plan to verify these results from the other Notified / Approved Body and we will conduct an initial inspection to verify the results. In addition, you shall declare any outstanding Corrective Action Requests from their previous provider and specifically bring to our attention any outstanding Corrective Action Requests.

4. Compliance. Neither you nor us shall not deviate from the applicable laws, regulations, and standards governing the Assessment Services, unless you have obtained an exemption from the relevant authority.

5. Language Requirement. You shall provide us with all materials and information with respect to the Assessment Services in English, unless the parties have agreed in writing to the use of a different language, and you agree to pay any additional costs related to the Assessment Services, e.g., translation costs.

6. Work Schedules and Cancellation. All schedules and completion dates provided by the UL Contracting Party are estimates. We shall not be liable in the event of delays in performance of the Assessment Services. Your sole remedy for delay is to terminate the Agreement according to its terms. You may elect to discontinue or postpone the Assessment Services at any time upon written notice to us. You shall be responsible for payment of all Assessment Services performed prior to our receipt of such notice and any fees associated with the termination or postponement. We shall not be held liable for any errors or deficiencies in connection with the work already performed and you shall not use the UL Contracting Party's name or UL UK's name or Approved Body number in connection with your products or quality assurance systems.

7. Fees. We will establish a fee for each project and provide this fee in a Quotation to you. The Quotation will set forth our fees for the Assessment Services, including fees associated with preparation prior to the assessment activities, and the onsite assessments, reports, reviews, and activities following the assessments, but does not include expenses associated with travel and living which will be billed at cost as incurred. The fees set in the Quotation are subject to change in the event that we determine that additional services are reasonably necessary to complete the Assessment Services. If your product and/or quality system is determined to conform to the applicable laws, regulations, and standards, you shall be eligible to receive an Approved Body Certificate as appropriate. The maintenance of any Certificate is contingent upon your continued adherence to the terms of the Service Agreement, including these Service Terms. The Certificate may be canceled or withdrawn at any time if your product and/or quality system fails to conform to the applicable laws, regulations, and standards, or if the information, materials, or data that you provide to us contains any misrepresentation or omission.

advertising material does not conflict with our findings or create a misleading impression as to the nature of those findings.

10. Use of Certificate and Approved Body number.

The Certificate shall be obtained and used only when and in the manner authorized by us. Notwithstanding, the cost of displaying the Certificate is not paid by the UL Contracting Party or UL UK.

The Approved Body number shall not be used by You.

You agree that we shall retain the right to control the display or otherwise use the Certificate and Approved Body number. Our representatives shall have the right, on demand, to acquire possession of the Certificate and any or all advertising and promotional material or other means of displaying the Certificate or other references to the UL Contracting Party, Approved Body or to UL UK upon termination of this Agreement, or when such action is warranted in our judgment.

You assume full and sole responsibility for your use of the Certificate and Approved Body number and agree that your product and/or quality system will be in compliance with the Applicable Requirements at all times.

You agree that your use of the Certificate number constitutes your declaration that we assessed your product in accordance with the applicable laws, regulations and standards, and that the products and/or quality systems covered by the Certificate are in accordance with the Applicable Requirements.

You agree that the promotion of your product utilizing the UL Contracting Party's or UL UK's name, Certificate, or Approved Body number, would mislead the public if such product is not covered by a Certificate issued by us; does not comply with the Applicable Requirements and applicable laws, regulations, and standards; or is used in any way not authorized by us.

11. Investigation of Noncompliance. You agree that you will, at your expense, fully cooperate with and assist in ascertaining the facts if it is reported to us that your product and/or quality system are not in compliance with the Applicable Requirements, or applicable laws, regulations, and standards. Among other things, you shall promptly share any information you acquire regarding the reported noncompliance, take any corrective action necessary to correct any noncompliance, and provide timely reports to the Approved Body on such corrective action.

12. Surveillance Services. You agree that any surveillance service we provide and any Assessments Services are designed to serve only as a check on the means by which you determine compliance of your product with the applicable laws, regulations, and standards. You also agree that such surveillance service and assessments in no way relieve you of your responsibility for your product that are subject to the Certificate.

Within the surveillance services a declaration is to be made at least annually for those products evaluated to Part 9 of Schedule 2 (Annex IX) of the Supply of Machinery (Safety) Regulations 2008, UK Statutory Instruments 2008 No. 1597,. This declaration shall be made each time a change to the product is made prior to implementation (to allow us time to review the impact) or if no changes to the product have been made the declaration must state that no changes have been made to the product.

13. Claims. Any claim by you, or any third party claim, arising out of this Agreement, shall be filed within a period of one (1) year from the date of issuance of a certificate to you, or the decision not to issue a certificate, or shall be forever waived.

14. No Listing, Classification or Recognition of Product. You understand and agree that any report, Certificate, or authorization we issue as a result of any Assessment Services performed under these Service Terms, shall not result in a UL product safety certification or any authorization to use UL Marks, and will not indicate acceptability of a product for Listing, Classification or Recognition by the UL Contracting Party, Underwriters Laboratories Inc., UL UK, or any of their affiliated corporations. You shall not use such report or Certificate in any manner or as the basis of any oral or written representation to convey the impression that any product or system has been or is so Listed, Classified or Recognized.

15. Use of the UKCA mark. The UKCA (or UKNI) mark shall only be affixed to machinery provided in accordance with and where it meets the relevant Regulations (or Directives).

16. Governing Law. In deviation of the terms of the GSA these Service Terms are governed by the laws of England and Wales without reference to any other jurisdiction.
