UL Warns of Lost Holographic Labels

NORTHBROOK, Ill., March 15, 2022 - The following is a notification from UL that 43,000 UL holographic labels identified below have been reported lost by a manufacturing location in China.

These labels are genuine and will pass all security detection analysis; however, they are not authorized by UL to be affixed to any product.

Identification: Gold Holographic Label for ELECTRICAL SYSTEMS FOR PERSONAL E-MOBILITY.

Each label has a serial number in the following range:

1000 Pieces: F69804605—F69805604;
1000 Pieces: F69809605---F69810604;
11000 Pieces: F34605582-F34616581;
30000 Pieces: F70550000-F70579999;

Photo:

The loose labels appear similar to the following with one of the noted serial numbers:

Known to be Distributed by:

Unknown, possibly affixed to ELECTRICAL SYSTEMS FOR PERSONAL E-MOTILITY. If you

discover products with these labels with a serial number identified above, please contact UL Global Security and Brand Protection at anticounterfeiting@ul.com.
